

Tangzhuang Solar Support Factory

Where will Zhonghuan's solar cells be produced?

All solar cells produced at the factory will be supplied for Zhonghuan's PV module products. Haitai Solar says it has canceled an investment deal in the city of Yancheng, Jiangsu province, for a 10 GW TOPCon cell factory, citing uncertainty over land-related concerns.

What is TCL Zhonghuan doing?

TCL Zhonghuan says it plans to generate CNY 13.8 billion (\$1.92 billion) via a private share placement to build a 35 GW super-thin polysilicon wafer factory and a 25 GW n-type TOPCon cell plant in Guangzhou, Guangdong province. All solar cells produced at the factory will be supplied for Zhonghuan's PV module products.

Is SunPower partnering with China?

US-headquartered high-efficiency PV module producer SunPower has officially signed a new joint venture partnership in China to produce both solar cells and modules for its P-Series technology.

Who is Tisun Energy?

Tisun Energy, the constituent company of Anhui Zhongmao Electric Power, was invited to attend the meeting held by Tongwei in Hefei on July 11.

Will Yongfu build a self-funded PV farm in Bangladesh?

Fujian Yongfu Power Engineering said it will work with a local partner to build a self-funded PV farm with a capacity of 95 MW in Chittagong, Bangladesh. Yongfu will contribute 87% of the total funding. The project is expected to take approximately one year to build, with a 20-year operational period.

What is PV ModuleTech Europe 2024?

PV ModuleTech Europe 2024 is a two-day conference that tackles these challenges directly, with an agenda that addresses all aspects of module supplier selection; product availability, technology offerings, traceability of supply-chain, factory auditing, module testing and reliability, and company bankability.
