

Which brands of photovoltaic panels have good quality

What are the best solar panel brands?

Find out what owners think of JA Solar, Jinko Solar, Longi, Solaredge and Trina Solar solar pv panels to find the best solar panel brand for you.

What are the best solar panels in the UK?

According to our findings, the brands with the best solar panels include REC Group, Sunpower, and AIKO. What is considered the "best" solar panel in the UK will vary depending on who you ask, and what metrics you value. Some homeowners may prefer a low-cost solar panel over one that's highly efficient, for example.

Which solar company offers the best & most expensive solar panels?

After reviewing hundreds of solar panels, we found that SunPower offers the best (and most expensive) solar panels. Choosing the best solar panel can feel overwhelming, but it's easier than you might think. If you select a quality solar installer, in most cases they'll install quality solar panels. Many companies offer great solar panels.

How do I choose the best solar panels?

You'll also want to choose panels from a company that backs its panels (and ideally your entire system) with a strong warranty. We reviewed hundreds of solar panel models and found that five brands stand out: SunPower, REC, Panasonic, Maxeon, and Jinko Solar. SunPower, REC, Panasonic, Maxeon, and Jinko Solar offer the best solar panels.

Who makes high-efficiency solar panels?

Sunpower, now known as Maxeon Solar, is the world leader in manufacturing high-efficiency solar panels using a highly robust patented cell design, which has proven to outperform and outlast conventional solar panels by a considerable amount of time.

How do I choose a solar panel brand in the UK?

Product availability in the UK can also determine which brands installers are able to fit. When you talk to different installers (we'd recommend getting three quotes), use our research on solar panel brands to help you choose between them. Read our full buying advice for solar panels.
